Subject: RE: 837 Encounters File Size Limitations

Importance: High

Please note the following clarification/addition. Again, let us know if you have questions. Thanks!

Maximum physical file size is 200 meg
Maximum Encounters allowed in on file is 250,000
Maximum Encounters allowed in ST-SE loop is 50,000 (preferably 5,000 as suggested in the Implementation Guide)
and if the physical file size is over 25 meg, the Maximum number of ST-SE loops per file is 50.
The four maximums above **must be applied** to each file submitted.

Subject: 837 Encounters File Size Limitations

Importance: High

As discussed in the last Technical Consortium Meeting, the following are the AHCCCS File size limitations for the 837 Encounter Files. Please let us know if you have questions. These values will also be reflected as applicable in the Encounter Manual and Companion Guide. Thanks!

Maximum physical file size is 200 meg

Maximum Encounters allowed in on file is 250,000

Maximum Encounters allowed in ST-SE loop is 50,000 (preferably 5,000 as suggested in the Implementation Guide)

The three maximums above **must be applied** to each file submitted.
